GIOTTOCOLLECTION

limited edition

design raffaello galiotto

Giotto Collection è un progetto cromatico che prende ispirazione dall'arte italiana antica e precisamente dai dipinti a fresco di Giotto della Cappella degli Scrovegni di Padova per riproporla negli abbinamenti delle nuove sedie per esterno Bit, Net e Net Relax di Nardi. In questo particolare possiamo notare che Giotto dipinge le vesti con una gradazione cromatica armonica, in cui le varie tonalità si susseguono delicatamente, dal bianco al giallo al rosso al violetto al verde, esibendo tutti i colori che aveva a sua disposizione come in una tavolozza da pittore.

Allo stesso modo, campionando i colori della resina delle sedie e combinandoli con i tessuti dei cuscini, abbiamo cercato di riprodurre una porzione della tavolozza di Giotto per creare delle composizioni suggestive dal fascino antico e dallo spirito contemporaneo.

The Giotto Collection is a chromatic project that gets its inspiration from ancient Italian art and precisely from Giotto's fresco paintings in Scrovegni Chapel in Padua and that reintroduces it through new coordinating outdoor chairs named Bit, Net and Net Relax by Nardi.

In this element, we note that Giotto painted the clothes with a harmonic color gradation, where the various shades gently follow one another, from white to yellow to red to purple to green, showing all the colors that he had available just as on a painter's palette.

Similarly, sampling the resin colors of the chairs and combining them with pillow fabrics, we tried to reproduce a portion of Giotto's palette to create the evocative compositions of old world charm but with a contemporary spirit.
